Minutes and Discussion

1. Organization

- plan everything as soon as possible and put it in the shared calendar in the drive
- Everything that gets done should be uploaded on the drive

2. Events for this week

- The EGM will happen two weeks from now preferably in Moss Lane but not on Thursday nor Friday, will include the first year rep form in this week's email
- Problem solving: beginner's Tuesday at 4PM and advanced Wednesday at 5PM, Mathsoc room
- Pizza and board games: Thursday at 2PM, Mathsoc room. We should get the pizza halfway through.
- There is no need for physical posters, we will post the graphics on instagram and include them in the weekly email

3. Events for the oncoming weeks

- Estimation: will try for Thursday after the first reading week
- Countdown: Thursday of refresher's week

- Integral bee: Thursday of the first week after the second reading week
- Intervarsities: they haven't gotten back to us (contact is happening through instagram)
- Pi day: Monday the 15th, the committee will bake pies.
- The donut reception is happening on Thursday 1st from 2PM, but will confirm when we have successfully booked the Fitzgerald Library
- Inclusion closed space: tea and cookies on Friday 2nd at 1PM in the math-soc room
- Maajong collab possibly happening the 5th of October
- Poker tournament collab with UCD mathsoc are being led by Paraic
- Filmsoc is possibly showing Good Will Hunting so might repost

4. President and lectures

- The vote between Mascott, Sergei, Chau Long and Marvin elected Mascott. Will email him to inform him.
- For the lectures we will ask: Chau Long, Marvin, Catherine, Frolov, Nasos, Mascot and Stalker (will be the first lecturer so we will just ask him to set a date and time)

5. Reflections about the first week

- Happy with the sign ups we managed to get
- We need to work more on inclusion given the ratio for the coffee morning and the problem solving session
- it would be good to update the poster
- we need to get stickers and pens

6. Finances and career fair

- Happy with the finances but definitely can't afford a pizza and board games every week
- The receipts have to be dated and itemized or we won't get the money back from the grant
- we will send the prospectus to multiple people
- careers fair: people aren't getting back, we will try and get a PHD student from UCD

Any Other Business

- We need to invest in more board games
- Richard will host the first committee bonding

Meeting concluded.
